

Kevin Hyer

12909 Locksley Court
Herndon, VA 20171
(703) 343-3317
Email: kthyer@vt.edu

Objective: To obtain an intern position in web development, Microsoft Office, software development, software testing, and/or information technology.

Education: Virginia Tech
Majoring in Business Information Technology - Decision Support Systems
Minoring in Computer Science
Will Graduate: May 2016
Current GPA: 3.07

Work Experience:

Customer Acquisition Specialist

June 2014 – August 2014

Worked at Spectrum Insurance Advantage on an excel add-in using Excel VBA to create a user application that allows for the user to easily upload and download data to their customer database in a user-friendly manner. The application saved hours of time in their interview process with the customer.

Business Information Technology Research Assistant

January 2014 – May 2014

Worked on an excel add-on called PamTAT (Pamplin Text Analytics Tools) using Excel VBA and Python to develop algorithms that will acquire, transform, and analyze text. This tool is extremely useful for data mining and can pull data text from twitter, facebook, websites, and files.

Minecraft Server and Website Administrator

2012-2014

Leased a server on the internet to host a server for the popular game, Minecraft. Customized the game by programming in-game mods using Java to make it more appealing and unique for the players. Advertised the server online using livestreamed video. Administered the server and players, maintained a website, and managed income and expenses as a personal business.

Student Ministry Intern

May-August 2013

Worked as an intern at FUMC which has over 3000 members. Input and organized data in Excel spreadsheets, planned and organized events, edited videos and photos for event presentations, troubleshoot and fix issues involving computers, and made calls and sent e-mails to members in order to coordinate mission trips.

Software/System Skills:

- Microsoft Office Suite, Java, C++, Visual Basic, HTML & CSS, Python JavaScript, jQuery
- Microsoft Windows Vista/7/8, Mac OS X, Android, iOS
